

Dear Pastor and praying friends,

Guten Tag und Gottes Segen aus dem schönen Deutschland (Good day and God Bless from beautiful Germany).

There is a crispness in the air and the leaves are changing into beautiful hues of orange, yellow and red. Fall has come to Germany and it is a beautiful and welcomed sight. The weather is cooler, but our hearts are warm with the love of our Father and the ministry that God has allowed us to have over the last 4 years. We will be celebrating 4 years on the field on November 17th. We started off as assistant Pastor/ wife to get acclimated to life in Germany and in the ministry then God opened the door for Patrick to take over as Pastor 3 years ago. We have learned a lot over the

last 4 years and we continue to learn and grow as we reach our community and the US military here for Christ. God has blessed us so much over the last few years, but there have also been bittersweet times of saying "See you later" to many church members as they moved on to their next duty station or phase in life. One of those "See you later's" really hit close to home as we put our 18 year old daughter, Alana, on a plane back to America. As many have said to us, it was one of the hardest things we have had to do in our ministry.

Knowing she's not an easy drive or a couple states away but across an entire ocean brings a different reality to it. Please keep her in your prayers as she navigates this new chapter in her life.

Our church continues to grow and we regularly have visitors.

COVID and other world events seem to have more people looking for a place to go to church. The fact that we also are able to offer nursery and Children's Church services adds to the draw. Including our military community, we have members and visitors from more than 15 different countries including Nigeria, Iran and Romania. Our recent mission conference saw almost every family in the church attend at some point and a 30% increase in giving. We also rejoice that one of our teenagers got saved and baptized at the mission conference. God is so good and we praise Him for all He is doing.

Please pray for the church, our military and the community here. Germany is in the middle of a 4th COVID wave that has seen sickness and hospitalizations at their highest levels. Lockdowns and restrictions have made a comeback and the government is increasingly trying to punish the unvaccinated. We know God is in control but it's hard at times.

Thank you and God Bless,
The Wolfes
