Dear Pastor:

I just got out of the V.A. Hospital after eight days in an ICU bed. I was being treated for cellulitis, heart condition, diabetes, and various conditions related to the other conditions mentioned above. I am back home and feel much better now.

I am in the office and trying to work on the current US Supreme Court (USSC) decisions that affect our rights to educate our children by our faith. The USSC has ruled that it was against our first admendment rights to withhold e ducation money from our children because they are being educated by a faith operated school (Church School).

Everyone must contact our state Representatives and state Senators and tell them we need our state laws and regulations brought up to constitutional standards. This needs to be done so we are not violating the US Constitution. Our pastors need to lead this charge. The new legislative session begins in January 2023. This work must start now.

Thank you for your prayers and support. Through God you are our strength and help in continuing the day to day work that God has given me to do.

Yours in Christ,
Brother Joe Adams
