Ministry
Church Planting
Soul-Winning
Youth Work
Budget Planning
Government
Relations

Dear Pastor:

April was a hard month. I saw several of my ministry friends promoted to "Glory". It makes you know that time is short on this earth and we must do everything we can to reach the lost of this world. I may be 77 years old but I want to do all I can to witness and affect our government from going the way the rest of the world has gone.

Pray for me I am gathering a data base for Kentucky. I want to be able to send a monthly up-date to churches and pastors and help keep them be informed as to what is going on behind the scenes. We have so much happening now with the current national government planning a one world government that the public is not aware. The president has appointed representatives to meet with representatives from all the major world representatives to form a treaty with the World Health Organization (WHO) to have world wide control over medications and vaccines and immunizations. All that the WHO is doing has been published but most people do not know what this all means. The current Presidential administration has Legislation and is pushing hard to change our election laws from state controlled to federally controlled elections by allowing anyone in America to be able to vote even if you are not a citizen or legally in the country. A bit coin type of money / Digital Currency is strongly being presented to start as soon as possible which will affect our saving and retirements accounts and control of our money.

I hate to throw all this information at you at one time but this is on all of us now. Pray for my health and the support to continue all of these outreaches. Thank you for all your prayers, love and support.

Yours in Christ,

Brother Joe Adams
