Government
Relations

Dear Pastor:

I pray you have a great Thanksgiving with your church family and your family at home. I begin this letter to you with a positive note. We do have a lot to be thankful in Christ. Our forefathers on that first Thanksgiving had faced a lot that year but they were thankful in the Lord! I am thankful for your prayers, cards, support and words of encouragement. These things keep me challenged to do the best for the Lord and for you.

This year with all my physical problems you have been here for me and the Lord sent healing each time. I have been able to work in the office, work with our elected officials, minister to pastors in their need with information and answers and help with the Christian Schools across our state and nation. God gave me souls to be saved along the journey. I pray for another thankful year to serve Him.

Now the burden I have because of the direction we have let America go. This election (Nov. 7, 2023) and the 2024 Presidential election will tell us if America will stay free. I have been writing about this all year. I hope you kept up with this? We are headed toward Socialism, digital money, federal controlled election laws (everyone would vote legal citizens and illegal people in our country) and by treaty under the direction of the World Health Organization (WHO). The current democratic leaders are set up with written bills to do this.

I pray you will vote for the conservative leaders. I am praying for God's blessings for you and your family.

Yours in Christ,

Brother Joe Adams
