February - 2024

God reigns! The past month was a big one for us. Not only is the ministry going full speed with the legislature currently in session, but my dear friend and mentor in the ministry, Bro. Joe Adams, went on to be with the Lord. He had a gentle passing surrounded by his family. I'm sure he heard, "Well done, thou good & faithful servant."

The Lord has really been blessing the ministry at the capitol this year and has opened many doors for witnessing, counseling and Bible distribution. One thing to pray for is the Capitol Bible study. We had to go underground during COVID, but now it is rebuilding nicely. Of course, the devil is fighting, but that must mean it's making a difference. It's a huge part of the ministry's impact, so I really covet prayers that God's hand will be on it. With literal Satanic forces at work, please add to your prayer list that God would thwart and expose the wickedness.

During this time of year is when the legislature votes on TONS of new laws. I hope you'll stay involved. Each week on my YouTube channel, "Patriot Point," I discuss various bills up for a vote and what you can do about it.

Bro. Joe and I on my first day ministering at the capitol 15 years ago.

We spent a year together during the transition of our ministries. He's the one with hair.

With tax season here, if you would like a giving statement for your records email me and I'll send it out quickly. If you would like a bigger statement, then just send more.

ON THE HOMEFRONT

It's been exciting as always on the homefront. It looks like we're finally going to get Chrissy in to see a pulmanol... a pullmono.... a lung doctor. She's made great improvements and thanks to all who've been praying for her health.

As most of you know, I'm all the time driving across the state to preach or speak at some event. Driving so much has taken a toll on my car... it's now broken Ugh! If anyone needs blood, I'll be selling some... I didn't say it was mine, and it'd be best not to ask too many questions.
