

Hello Pastor,

I am very sorry if I haven't send you our prayer letter lately because my computer was broke down and I cant open my email. Last year was very rough for us to move all our things in another place and another town, it will be one year on April since we started a new Church. New challenges and adjustment to my Family that we ne need to move to another house , another school for our son and another village church started. God is blessing our newly started village church that we have now. people that attend nearby the Place we rented for house of worship. This is the third village church we started in April Last year of 2023.

We praise our God for he called two of our men to be a preacher. Praying that they will become a pastor and be sent out to start a village church within five years. Right now we we have discipleship training and each one bring one. My wife is ministering to children and mentoring our young people to be Sunday school teacher and we have eight village children center every Saturday feeding them spiritually and physically.

Pray for our Children ministry needs in feeding almost 300 children every saturday to our eight village Children Center simultaneously.
Pray for the remaining money(\$15,000) to purchase a land for our 2nd village church
Pray our two Village Church Pastor's Support (\$200) each

We really need you Prayers. May the Lord God Bless you more.
Attached are some photos of our ministry.

In Christ ,

Bro. Danny Terrado

HOUSE PRAYER MEETING
