

Patrick & Sheila **Wolfe**  
Missionaries to the U.S. Military

April to June 2024

Dear Pastors and Praying friends,

Hello from FINALLY sunny Germany. It has been an unusual couple of months weather wise as most days have been cold and rainy, but the weather is rapidly becoming more summerlike.

In April, we had a kids movie night with Veggie Tales, popcorn and too many sweets. The kids, as well as the adults, started asking when the next one would be before the first one was even over. The same month, Sheila took a few women from the church to the Ladies' Conference at Rheinland Baptist Church. It was a blessed time of learning and growing in the Lord and the fellowship with other Christian ladies was very sweet. At the end of April, Patrick went stateside for a three week furlough in Washington and Oregon. In Patrick's absence the men of the church stepped up and covered all services including a young soldier preaching the Mother's Day services as his mother watched from the US on our Facebook livestream.

For Mother's Day, we honored mothers along with all the women present because they have the potential to be mothers or a mother figure. It was a special service made more special with Andrew preaching. Patrick returned from furlough around mid-May. He was able to be in eight new churches and one supporting church. Sheila and Michael continued their strong involvement in the military homeschooling community with several events as well as continuing to teach the elementary Bible education class. God continues to open many doors and opportunities through this ministry.

In June we had more activities with the homeschool community which included a field day with over 60 participants, ages 5-17. We continue to have visitors almost every week from the military as well as the community surrounding the church but June has been bittersweet., This PCS season, we've had to say "See ya later" to a young military family who were faithful and willing to work, both in children's church and in other things around the church. The very next week, we had to say "See ya later" as we watched someone, that had become like a son to us and a brother to Michael over the last 2 years, leave. It was an honor to watch him grow in the Lord. He was our church musician, loved by all of our church kids, and just a faithful young man that wanted to serve and please the Lord. I have said it before and I will say it again, the "See ya later"s are the hardest part of military missions. No matter how long we have them we will always make the most of the time God gives us with them and point them to Christ. Because of your faithful financial and prayer support you have a hand in this as well. We thank you for you supporting us so that we can share the love of Christ with so many others.

The Wolfes, (Patrick, Sheila & Michael)
